## **SPONSOR A CHILD FOR DATREON**

Barn Blast 2020 celebrates the life of Datreon Amir Lowery, affectionately called "Day Day," the son of Datrell Datreon Lowery and Angelica Annette Smith. Sadly, Datreon's life ended just a month before his first birthday due to complications from a birth defect known as Esophageal Atresia/Tracheal Esophageal Fistula (EA/TEF).

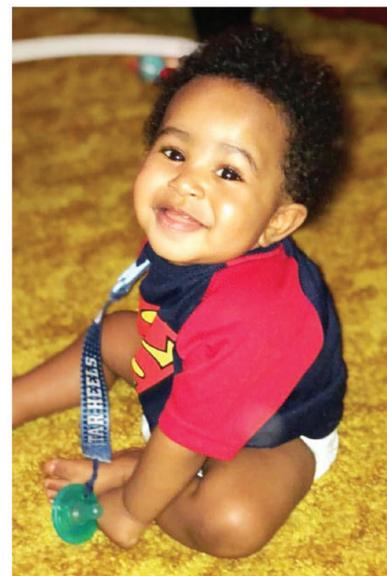

Esophageal Atresia is a birth defect of the digestive system in which the esophagus does not develop properly. You are born unable to swallow, with permanent scarring and respiratory problems continuing through life. Approximately one in 5,000 babies is born with EA/TEF annually in the United States.

Datreon fought hard, spending 37 days in the NICU, smiling through his pain, giving others strength. Once home, he enjoying playing like all children do, tapping on pots and pans and reading stories with his sister. Angelica said, "One of my favorite memories of Datreon is whenever you would sing to him, he would move his mouth like he's singing with you. He brought a tremendous amount of joy to everyone he met."

As a teen mom, Angelica relied heavily on the Anson County Partnership for Children with her first child in 2007. She participated in Teen Information & Parenting Program (TIPS), Motherread, Dolly Parton's Imagination Library, NC Pre-K, and the diaper program and received childcare assistance while she finished high school. Understanding the importance of the Partnership for young children and families in Anson County, Angelica has been a long-standing volunteer with Barn Blast and other Partnership activities.

"I learned valuable information about infant and toddler milestones, the importance of breastfeeding, and resources to ensure Jiaya had what she needed," Angelica said. "Ten years later, as Jiaya cared for Datreon I saw the value of what the Partnership taught me. Jiaya was a great educator using the techniques we learned in Motherread and other activities I did with her in TIPS to help Datreon." When Jiaya read to him, she made animal sounds, repeated important words, and entertained him while introducing new vocabulary words.

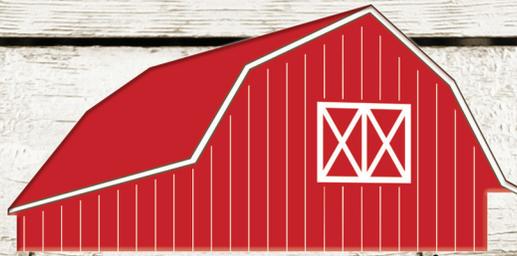

Although he left this earth far too soon, Datreon continues to have an impact on all who knew him. Datreon's passion for life and fighting spirit will continue through your support of Sponsor a Child for Datreon. We invite you to share with others - just as Datreon shared his smile and joy.

Each donation of \$25 will fund one child's registration in the Dolly Parton's Imagination Library for one year. Our goal is to provide Dolly Parton's Imagination Library to all children in Anson County, birth to 5 years old. We currently sponsor over 1,250 children, who receive an age-appropriate book each month and encouragement for their families to read together, just as Datreon's family did. Studies show that young children with access to books in their homes have improved literacy and vocabulary skills as they enter school and are more likely to succeed in school and beyond.
